## PUBLIC WORKS DEPARTMENT

**DUST-PROOFING**

Spring has arrived! The public works department is compiling their list of rural property owners who wish to receive dust-proofing for 2012. The minimum distance for the application is 300 feet with the cost remaining at \$1.00 per foot. (300 feet of application—\$300.00).

**Registration and full payment must be received by the administration office on or before May 11, 2012 to receive the application for 2012.**

**LOT MAINTENANCE**

Please ensure that all empty lots/properties are maintained on a regular basis and kept free of tall grass, weeds and garbage.

Unmaintained village lots may be cleaned up without prior notice at a charge to the property owner.

**WEED CONTROL**

The weed spraying program is continuing for 2012 in municipal ditches. The spraying would be done in June and primarily 2,4-D will be used.

Property owners with any concerns or questions should contact the Municipality's Public Works Department.

**GRAVEL RECOVERY PROGRAM**

Residents are urged to drive with caution as the public works department begins the annual gravel recovery & road maintenance program. Material is brought up from the sides onto the road and mulched. This recovery program saves the Municipality tens of thousands of dollars in gravel costs each year. The RM is appreciative of your understanding and patience during this process.
